This Week we are offering 54 inch Pyramas in four colors 95c. a yd.

Timothy and Brome Grasses. Garden Seeds in bulk and packages.

N. HOLMES, Claresholm

THE PUBLIC SCHOOL BOARD MEETS

Miss Eliza McKelvie of Prince Edward Island, a student at Normal school Calgary, was employed by the Public School Board last night to fill the vacancy on the teaching staff caused by giving Miss Back a year's leave of absence. There were only two applicants the other being Mr. D. J. McDonald of Nova Scotia, also at the Normal school. Trustee Cumliffe held out for employing a male teacher but the other trustees thought Miss McKelvie had the better of the argument. Miss McKelvie if she passes her examination this month at Calgary will receive a salary of \$100 a month and will be paid \$80 a month.

The board spent considerable time discussing the efficiency or rather the alleged inefficiency of the caretaker and it resulted in the property committee being authorized to take the more drastic step, if necessary. It was said that the school is not properly attended to and the inference was that the minimum of work was being done for the maximum of pay. A letter was read from the Deputy Minister of Education announcing approval of the proposed \$80,000 loan to build a wing to the school and it will be officially granted next week. A copy of this will be sent Mr. Moffatt and they can then get busy with sending the money. The question of architects was discussed, and as no answer was received from the department in reference to the information asked for, and the complaint made against the Alberta Architects combine, Chairman Braren will write a personal letter to Hon. Dr. Bathurst. A deputation to visit Calgary and Lethbridge and see the latest in modern schools was also discussed.

MR. MOFFATT WON A MORAL VICTORY

The case of Moffatt vs. Quill, the Claresholm case, tried at the assizes last week at Lethbridge before Mr. Justice Stewart resulted in the jury disagreeing. The judge put a series of questions to the jury and the twelve good men and true were unable to agree as to the merits of Mr. Quill. As to the honesty of Mr. Quill, Mr. Moffatt there was the strong testimony. The jury found him for the faintest suspicion of dishonesty, and the case decided.

Mr. Quill may or may not have lied, for suspecting wrong. While Mr. Moffatt lost the case in a technical sense he won a moral victory for the jury supplemented the decision of the court below that he was guilty of no crime.

The questions put to the jury were as follows: The word "defendant" meaning Mr. Quill and the word "plaintiff" Mr. Moffatt.

Did the defendant at the time he hid the information honestly believe that the plaintiff had stolen the steer? Answer: jury cannot agree.

Had the defendant in your opinion reasonable grounds for holding this belief? Answer: jury cannot agree.

Did the plaintiff personally make an honest mistake in putting the

to build a wing to the school and it will be officially granted next week. A copy of this will be sent Mr. Moffatt and they can then get busy with sending the money. The question of architects was discussed, and as no answer was received from the department in reference to the information asked for, and the complaint made against the Alberta Architects combine, Chairman Braren will write a personal letter to Hon. Dr. Bathurst. A deputation to visit Calgary and Lethbridge and see the latest in modern schools was also discussed.

Those present were Trustees Braren, Camies, Steeves, Simpson and Tiltson and secretary Browne.

ster in the ear? Answer: Yes. Had the defendant reasonable grounds for believing that the plaintiff had not made an honest mistake? Answer: jury cannot agree.

Did the witness Vail make an honest mistake in passing the steer in question? Answer: Yes.

Had the defendant reasonable ground for believing that Vail had not dishonestly in passing the steer? Answer: Yes.

Did he bid the information that Vail was in the employ of the plaintiff in making the inspection? Answer: Yes.

Was the defendant present at the courts during inspection by Risk and Vail? Answer: Yes.

Did the defendant take reasonable care for himself as to the facts of the case before he hid the information? Answer: jury cannot agree.

Was the defendant actuated by malicious or improper motive in hiding the information against the plaintiff? Answer: jury cannot agree.

At what amount do you assess the damages? Answer: Not answered.

Was the prosecution terminated favorably to the plaintiff? Answer: Yes.

Just A Gentle Scare

Fire Destroyed John Walls Work House—Brigades Good Work

Fire broke out about noon on Tuesday in the smoke house at the rear of John Walls' butcher shop and did about \$100 damage the small frame structure being destroyed. The blaze was first seen by Mrs. Brown who gave the alarm. The bell was rung and the volunteer brigade responded with a promptness which was largely responsible for the good work done. The chemical engine was brought in to play and did most effective work. There were all the essentials to a disastrous blaze as the immediate surroundings are one mass of frame structures. The snow storm helped a lot and if it had happened when everything was dry the result can only be guessed at. Fortunately there was little or no wind at the time. About 25 hms which were smoking contributed to the flame. The brigade deserve all praise for promptness and the business like way in which the fire was handled.

The Macleod Recount

In the recount in connection with Macleod Colin George Liberal was confirmed in the seat by 15 majority. The town broke even. In the Rocky Mountains recount Charles O'Brien Socialist pulled through with 33 majority.

Assessment Appeals

Very Little Change Made By The Court Of Revision

The appeals against the real valuation of Chas. Cole didn't amount to much after all. A number of those who appealed apparently thought better of it and didn't appear. Owing to the absence of the names at the local Council Chamber presided at the first days sitting. There were two changes in the assessors figures. The barbers, owned by J. E. M. Lewis were exempted owing to the government being tenant and the building being used for government purposes. The assessment on J. Groux's wholesale liquor stock was reduced from \$7500 to \$4650 and that was the only one. Others who appealed failed to impose the council with the force of their arguments. On the second days sitting no one appeared and the assessment as a whole was confirmed. Claresholm now has a valuation somewhere near its approximate value.

Railway Through Foothills

The Frank Paper is responsible for a story that the Canadian Western Railway Company will build from Butte, Montana to Calgary this year. The line will follow the foothills the way. The story seems authoritative.

**R.L. WALSH, Next Door Alberta Hotel

Square Deal To Everyone

See here you fellows who have had for sale all it with us if you want it sold. We are not the oldest firm in town but you can't tell whether we are the best till you have tried us. A square deal is our motto and wherever you find us doing anything else, tell everybody you know about it, for if we are credited we want it known. We never charge more than \$1.00 an acre commission and we do not take options on the best deals and make several dollars an acre with your money. You get the best we have got, as we get them. We believe in the Claresholm district. It is the garden spot of Alberta and we can sell your land if you let us try.

We now represent the Loan department of the Great West Life Assurance Co. and we can fix you out within loan if you need it. Mr. J. A. Stables will attend to the office to attend to business. Office in Vangh's barber shop.

S. L. FRASER, Agent.

TO FARMERS

An Exceptional Offer in Choice Lands

In the Famous High River District

Messrs Collings, Alley & Co.

Offer for sale a block of land, either in quarter sections or sections, or in any quantity to suit purchasers, at \$10.50 per acre, payable in crop payments, or in the event of the purchaser not wishing to cultivate the soil but to leave it idle or stock it, all required payment of interest half yearly. We do not insist on reduction of price until the land is plowed but require a first payment of \$1.00 per acre down. This land is from 12 to 15 miles west of Nanton, is some what rolling, with 60 per cent cultivable—a heavy black loam, well watered, eminently suitable for stock raising or mixed farming.

Deal Direct and Save Commissions

Apply Collings, Alley & Co., High River, Alta. or our Calgary Office, 129A 8th Ave. West

We will talk of Nothing But clothing this week.

CHIEFLY CLARESHOLM

Mr. W. C. Barnham was in Gramma on Tuesday.

Clarence Green and Roy Burton spent Sunday last in Gramma.

Mrs. Joseph Wilson and Mrs. Cherriman went to Gramma on Tuesday to visit friends.

R. D. Fosterhous, manager of the Alberta Grain Co., spent Sunday in town this week.

Mr. W. B. Murray has bought a team of thoroughbred Clyde mares from P. Leonard six and seven years old.

Miss Parter who has been teaching in Hossler school 3 miles south, has been appointed to the Edmonston school.

A new school district has been created near Bowville to be known as Ridgeway school. Mr. J. Hamilton, Bowville, is senior trustee.

Cumming & Lindsay have purchased a fine new auto. This is the proper year with judgment men now and will doubtless expedite their trips in the country.

Inspector Charles R. N. W. M. P. held court at Stately on Wednesday and handed out justice in the case of several drunks and men charged with starting pinkey-fries.

R. Gilman and Orlin Henry hugged three fine white Geese on a hunting trip this week. One was captured alive. They were splendid specimens one tipping the scale at 22 lb.

An interdict appeared at the Police court Wednesday and was found over to appear for trial. The fine if he is convicted is \$50. If the man who sold the liquor is discovered it will mean \$200 for him.

Willie B. Stevens has entered the contest for one of the Sheldahl prizes offered by the Calgary Daily News in its circulation contest. As he is the only one Claresholm people should support him out. It advertises them.

Dr. Tupper spent Sunday in Nanton.

Frank B. Astell of Chiniquy Road was in town this week.

Mr. Charles McGee of Gramma was in town this week.

Mr. C. W. Carnon of Carmangay was in town on Monday.

Mr. J. R. Watt barrister was in Maelock on professional business.

Mr. John T. North is confined to his bed with an attack of erysipelas.

Rev. A. B. Argy occupied the pulpit of Wesley church on Sunday returning Monday noon.

Mr. Archie McCullum of Almonte has taken a position as salesman in Teskey & Robertson's hardware store.

Hertel and Will Welsh of Blayney were among the district visitors this week.

A party of six from this district went to Salsgrave, B.C. this week to hunt.

Friday, April 23rd, St. George's Day, the patron saint of Merrie England and day honored by Englishmen the world over.

Mr. Draxley of Maelock formerly of Claresholm is entering "Clash Ball" for the big Dominion day celebration here. He is confident of the ability of his tug tommy paces.

Mr. McGeedrich is organizing an excursion from the Claresholm district to the Arrow Lakes orchard district on May 25th. Mr. M. E. Freeman of Lethbridge the general agent accompanied an excursion from High River this week.

Win Quill has sold his \$80 acre ranch to Fred Burton, the price it is understood being \$10,000. A couple of leased sections also go in the deal. Mr. Burton is rapidly becoming one of the most extensive landholders in the foothill country and is proving himself second to none in progressiveness.

Mr. Steven Hutchison of the Palace Livery Stable has returned from a trip to Oregon. He reports apocalyptic time but didn't see any better country than the Claresholm district in his travels.

An employee of James Stunkell of Ellnor had the misfortune to break his leg in a runaway accident. He was taking a well-shod machine down a hill when the team became unmanageable.

Mr. R. B. Smith of Calgary, western representative of W. Gray & Son, carriage builders, Clatham, Ont. and Mr. Cahill of Winnipeg were in town this week. Mr. E. L. Wannamaker is their Claresholm representative.

Mr. August Foss, No. 4, 10-13-27, is advertising an auction sale of stock and farm implements on Saturday, May 1st, at which big bargains may be looked for as everything will be sold regardless. Mr. Louis Englund will wield the hammer.

Mr. A. P. Day shipped out 65 head of horses to Lacanba this week. He bought them from Graham & Arnold of Sun Del Mills. The large number of horses shipped out of here lately is causing prices to soar.

Mr. Travis Bagley bought the thoroughbred improved stallion "Land Yax" from Mr. Earl Anderson for \$1000. Three weeks ago for \$1000 and this week sold to Mr. Earl Anderson for \$1000. It is sold some valuable Claresholm property owned in the deal.

E. D. Hardsick of Quamby bought 350 head of cattle from Win Quill this week. A good price was paid and they made a fine bunch of cattle for his herd and some for his neighbors. They were consigned at W. C. Barnham's while in town and attracted quite a lot of interest.

The Claresholm School district is the latest created in this section of Alberta. It covers in section 17, 18, 19, 20, 21, 22, 23, 24 and the north half of section 11 and 12 in township 12 Range 25 west of the fourth meridian. Mr. J. H. Hutchinson of Claresholm Post Office is senior trustee.

Mr. Gillespie representing the United Wireless Telegraph Company is in town this week, and is selling considerable stock here. The investment will be a record money maker as the governments of the world are compelling apparatus to be installed on all ships. The land business is also growing very rapidly. Several well known local business men have taken stock.

Mr. T. R. Jopling of Lodi, California was in town this week. He is a wealthy American and was greatly impressed with Southern Alberta. He bought a section of land near Carmangay from Miles & Noble as an investment. Mr. Jopling is interested in fruit growing and will visit the Okanagan district and return to Claresholm before going home. He thinks Claresholm is a marvellous place for such a youthful town.

T. B. Moore who lately returned from the United States, says that the central states gave the Review office a pleasant end Wednesday. He said he always thought Claresholm district the best place on the map and now he knows it. He stated that he had converted his brother, J. P. Moore of Albia, Iowa, to his way of thinking and that he expected him to arrive at Claresholm in a few days with his stock and machinery to make this district his future home.

Rev. C. W. Bishop of Wesley Church, preached in the Methodist church Sunday and greatly pleased the large congregation present. Mr. Bishop is one of the most gifted young men in the Alberta conference and his sermons were read with profit and delight. Mr. Bishop is also a singer of wide repute and at the evening service sang a solo. The subscriptions for missions were over \$24 in excess of last year and will probably hit the \$100 mark.

This Means Money

United Wireless Company to Put Instruments on Lake Boats.

The manner in which the United Wireless Telegraph Company has taken up the extension of its system on the great lakes impresses one with the fact the company has a means of communication which has become established as of known efficiency and is being used by the service can be entered into without any "ifs" or "buts" or "maybes" but that the organization of the company has kept pace with the technical development. The United Company is engaged

In fulfilling extensive contracts for governmental wireless stations in widely scattered parts of the world and its representatives on nearly in many other foreign sections, its rapidly growing commercial business on the Atlantic Ocean, Gulf of Mexico, and Pacific Ocean constantly requires an augmentation of the technical and operating staff of the Company, yet the Company is able to enter into the building of new stations and equipping boats on the Great Lakes in a manner and on a scale which no doubt would have been sufficient to reorganize all their forces one year ago. To our mind this is the most favorable example of solid progress brought to the attention of the public.

The Company has also constructed for the equipment of the Graham and Morton fleet of steamers.

The United Company has also closed contracts for the installation of wireless stations at Benton Harbor and Holland, Mich. Equipment of ten more stations at important Lake ports, including Duluth and Buffalo, will be begun within a month. These stations will handle practically all the messages necessary for the safety of all Great Lakes boats, coasting and approximately 1,000 freighters and 250 passenger steamers.

LUMBER WILL ADVANCE

ASSOCIATION MEETING SAYS
PRICES MUST INCREASE

Increasing Demand for Lumber from the Northwest Will have a Tendency to Strengthen the Market and Present Prices are Considered Too Low to Permit of a Profit to Sawmill Owners

Vancouver—Lumber prices, which have been advancing naturally for some weeks owing to the increasing demand for lumber, will probably be given an assisting shove in the upward direction very shortly as a consequence of the conference of sawmill owners in Vancouver a day or two ago.

The members of the British Columbia Lumber and Shingle Manufacturers' Association, Ltd., at a meeting in the rooms of the association discussed the question of an advance in the list prices. No action was taken at this meeting, but signs of an increase were evident, and it was expected that a move in that direction would be made. Owing to lack of a ready market, it was not said to be any rigid base price at present, but it is generally accepted that \$10 for rough lumber is the rule. This is believed to be adequate for the low to moderate demand, but the advance must come. Sawmill men claim that if they received \$12 per thousand feet for their product, they would not make up their minds to advance any price on the coast will be followed by an increase in the prices of mountain mills, and that producers are now receiving prices of orders at the low prices prevailing.

Swinebarn Highly Praised

London—Swinebarn's policy is interred at Bonchurch. The White where other members of the Swinebarn family have been killed. The English newspapers pay the highest tribute to Swinebarn's policy. The last of the great names of the Victorian period, the force in English prose, second only to Shakespeare and the other great poets. The admiral have not yet taken steps to offer a place in the "poets' corner," but there is no doubt that their action will meet with the universal wish of the press and public.

Anxious to Reach the Jungle

Vancouver, British East Africa—A despatch has been received from Theodore Roosevelt, on board the steamer Albatross, asking the British government to take him and his party to the jungle. The admiral is expected here shortly.

Bloody Conflict Expected

Rome, Italy—Official expects from Constantinople state that the conflict of the reactionaries is complete and that the committee of union and progress has been organized. It is expected that the committee will be organized. It is expected that the committee will be organized. It is expected that the committee will be organized.

Canada and the Navy

London—The Standard says that the Dominion fleet, cruising off the coast of Newfoundland and British Columbia, has put into the water a large number of mines. It is expected that the mines will be used to protect the coast. It is expected that the mines will be used to protect the coast.

Tuberculosis Legislation

Halifax—Important legislation dealing with the prevention of tuberculosis was introduced in the House of Commons. It is expected that the legislation will be passed. It is expected that the legislation will be passed.

Warships are Ready for Turkey

London—It is reported that two British warships at Malta have been ordered to hold themselves in readiness to proceed to Turkish waters. The report is denied by the admiralty, but there is good authority for the statement that two cruisers in readiness at Malta are to sail for Turkey should events warrant.

Editors Will Inspect Warships

London—The first, second and third divisions of the Home Fleet and the Atlantic Fleet, comprising 25 battleships and cruisers and 75 torpedo boats, will assemble in the Mediterranean to inspect the warships of the Home Fleet. It is expected that the inspection will be completed by the end of the month.

To Capture Bear Cubs

Vancouver, B. C.—A party representing the London Zoological Gardens, has left town on an expedition to capture white bear cubs in the Yukon.

Veteran's Scrip Was Lost

St. Catharines—The scrip of a veteran scrip worth \$1,000 have been lost in the mails between here and Calgary.

WHEAT PRICES WILL KEEP HIGH

Population Increasing at the Rate of 65 Per Cent. While Yield of Wheat Increases But 25

New York—A special dispatch from Washington says—James J. Hill, discussing the wheat situation, said that the present population of the near future the United States will be forced to import large quantities of wheat, and that the yield of wheat and other staple products increases only 25 per cent.

He pointed out that the population of the United States in 1900 was 76,000,000, while the yield of wheat and other staple products increases only 25 per cent.

From these figures he made the deduction that sooner or later the demand for wheat would far exceed the supply and the price of its products would constantly rise. He gave, as an example the large import of barley by every year from the Argentine Republic, although a few years ago the United States raised all the barley it consumed.

This same condition would, he said apply to wheat in the not far distant future. He said that Patton and his associates had merely taken advantage of a normal situation which was made apparent by their business foresight. He declared that Patton knew that the population of the United States would increase and that the yield of wheat and other staple products would increase only 25 per cent.

London—Joe Martin has issued an address to the electors of Stratford-on-Avon, in which he has raised the question of the House of Commons the most important with which the electors have to deal. The adoption of the policy of tariff reform would, he says, be the greatest calamity that could happen to a country, and that it would be a disaster to the nation.

London—The London Chronicle, referring to the tariff reformers, says that the policy of protection would be a disaster to the nation. It would be a disaster to the nation. It would be a disaster to the nation.

ELEVATORS AT COAST

TERMINAL ELEVATORS TO BE BUILT AT VANCOUVER

If the Railway Company Will Not Provide Facilities for Handling the Wheat of Alberta the Grain Men Will Take the Matter in Hand and Erect the Necessary Wharves for the Export Wheat

Vancouver, B. C.—If the Canadian Pacific railway does not decide to start the erection of a grain elevator in Vancouver the Alberta grain men will willingly undertake the job. It has been suggested that temporary facilities for this season be provided with the idea of building an elevator here next year. In my opinion this provision will prove entirely inadequate, as the movement of the export wheat from Alberta via Vancouver is no longer a matter of convenience, but of necessity.

The former statement is that of Mr. W. L. Strong, of Calgary, general manager of the Alberta Pacific Railway Company. He arrived from his trip to the United States in consultation with Mr. William W. Young, second vice president of the Canadian Pacific railway, in regard to the question of providing grain handling facilities at Vancouver.

A grain elevator with a capacity of at least one million bushels should be built here. Two or three years hence an additional plant of possibly larger capacity will be needed here. The cost of such a plant would be low, estimated at 30,000,000 bushels, and would be a small price to pay for the increased security of the grain.

This year, if normal conditions prevail, the grain crop should total 45,000,000 bushels. The present facilities at Vancouver are inadequate to handle this crop. It is estimated that the grain crop will be 45,000,000 bushels, and that the present facilities at Vancouver are inadequate to handle this crop.

THE TURKISH MASSACRE

RUTHLESS SLAYING OF CHRISTIANS BY TURKISH TROOPS

Many Innocents Put to Death—Foreigners Request that Warships be Sent at Once—British Vice-Consul is said to be Among the Injured

Constantinople—A massacre has taken place at Adana, Asiatic Turkey, and according to the latest telegrams from Mesina still continues.

Soldiers, powerless to control the situation, are joining in the pillaging of the town.

The riots began last Wednesday, and the town of Adana has been burned and many Christians have been killed in the strife. The Moslems, having won the town, are said to have now begun operations against the Christians in the vicinity.

The British consuls at Mesina, Major W. H. Smith, is said to have been injured during the trouble.

SIZES differ, but quality is the same. Highest grade in the world. "More Bread and better Bread"

Purity trade-mark guarantees satisfaction or your money back. WESTERN CANADA FLOUR MILLS CO., Ltd.

Heard In Busy Granum

The Anglican church was crowded with interested friends on Wednesday afternoon to witness the marriage of Mr. Sidney J. Pinder to Miss Minnie Augusta Miller, daughter of Mr. Charles Miller.

The officiating clergyman was Rev. Dr. Coord rector of the church. The bride was handsomely gowned and was unattended. After the ceremony a sumptuous wedding supper was served at the bride's home after which Mr. and Mrs. Pinder drove to their new home carrying with them the best wishes of a host of friends. Mr. Pinder is one of the most progressive farmers in the district and owns a valuable farm one mile from town. The Review joins in the congratulations. This was the first wedding in the new church.

Mr. W. E. Stenson of Ann Harbor, Michigan is a visitor. He owns a half section of land and a number of town lots and has great faith in the Granum district.

Rev. Dr. Coord of the Anglican church held daily services all last week and this week held service Wednesday and Friday. Dr. Coord addresses on Fridays is generally on some scientific subject. He has a record parish for territory covered it embracing 490 square miles.

At the recent meeting of the town council A. A. Horts tender for constructing sidewalks was accepted the price being \$99.30. It was decided to ask the different lumber companies to submit prices for the lumber. The treasurer was authorized to pay the C. & E. Land Co. the final instalment on the cemetery purchases. The report on the special census was received and it was decided to defer action on its incorporation as a town until later in the year. Those present were S. J. Slough, chairman and councilors F. J. Sandgate and D. McCune and Joe Truett, Clermont.

The footballers are re-organizing a meeting for organization will be held in a few days.

The W. C. T. U. met at the Methodist Parsonage on Wednesday with Mrs. Slough presiding. The attendance was slim owing to the wedding in the Anglican church at the same hour but quite an interesting business was transacted.

Mr. John Miller who owned a section here and sold it to go to New Mexico is back again and says after extensive travel he has concluded that Granum district has them all faded. He is likely to purchase more land.

Mr. Henry Down has bought a new Waterloo well drill.

Mr. Francis J. Glathe is arranging to start a chopping mill at Monarch.

Mr. James Cunningham has a Brandon Chemical engine which he is placing in the disposal of the town until something definite is arranged for the way of its protection. He is willing to put it into competition with any apparatus of the kind brought in.

An idea of the volume of business done in Granum is a day is revealed in the turn over of Cunningham and Cunningham on Wednesday. They turned over no less than \$8000 worth of machinery including a big Hart Par engine to J. McLean.

Wealthy Farmer Dead

William Lewis Thompson, one of the wealthiest farmers in Southern Alberta, died at Spring Condo on Saturday. He owned 20,000 acres of land and with his brother E. E. Thompson of Hilt River introduced "Turkey Red" wheat into this province which has developed into the world famous "Alberta Red." Mr. Thompson had his own elevator at Spring Condo to ship his wheat. He carried \$50,000 insurance of which \$20,000 was put on within the past year. He had 5,000 acres under fall wheat and intended sowing 5,000 acres of spring wheat.

Wheat Prices

Higher Figures as a Result of the Recent Big Flurry

The wheat flurry in the Chicago pit has caused a world wide flurry and the opinion seems general that wheat is not a plentiful supply. Prices at Claresholm have risen but very little is coming in. The farmers are busy. Mr. Wiles of the Claresholm Lumber & Grain Company does not think there are many thousand bushels unmarketed in the district.

The Claresholm Lumber & Grain Company quote No. 1 wheat at the elevator \$1.00 No. 2, 97 cents.

THE TOWN COUNCIL

Busy Night In Which Lots of Interesting Items Were Discussed—Health By-law

At the last meeting of the town council there were no very large questions solved but a lot of business was transacted.

George Cross was the successful tenderer for the position of pump house engineer at \$60 a month and will sign an agreement dating May 1st.

The Health Committee further reported on the need of more effectual sanitary laws especially in reference to brick yards and out closets and a by law equal to the demands of the town will be prepared.

Fire Chief Edwards was authorized to buy any necessary supplies for the upkeep of the fire apparatus.

The council placed itself on record as heartily in favor of the Saving of Daylight bill now before the Canadian House of Commons. The change, it was thought, would be a big help to the working man.

The Solicitor hasn't made much progress in the negotiations with J. M. Soby for the opening of a lane at the rear of his store and suggested that the council ask him to attend a meeting to discuss the question. The opinion was that it would be well to ask M. Soby to name his price for purchase and if it is too high arbitration could be resorted to.

The action of the Waterworks Committee in selling an old gas engine to J. W. Craig for \$100 was ratified.

Engineer Arnold wrote in reference to the supervision of the construction of the proposed waterworks system that his firm would undertake the work but he personally could not take up residence in Claresholm for the period. The Clerk will write asking particulars as to the qualifications of the man who would be sent.

Mr. P. Turner Bone, an eminent engineer of Calgary, made a verbal offer which will probably reach the council in written form offering to do the work, supply all files and blueprints, etc., for \$300. Any time he was absent he would leave a competent representative on the job.

The Local Improvement Committee reported that the sidewalk from the Union bank to the Anglican church is being built by day labor. As to the balance of the work to be done this year, an estimate will be made as to the probable cost and it is yet to be finally decided as to whether a contract or day labor will be the system used. So far the new sidewalk under day labor construction is costing considerably less than similar work last year.

In reference to the offer of a Calgary firm to buy \$300 worth of bonds necessary to put the town's finances in proper shape the deal will probably be put through.

Odd-fellows Anniversary

There will be anniversary services of the Odd Fellows order held in the L.O.O.F. Hall, Claresholm, Sunday, April 25th next. All members, residents and visiting Odd Fellows are urgently requested to be present. Full regalia and badges will be worn. The procession will leave the lodge room at 2:30 sharp.

An Item for the Ladies

Miss Collins has moved her stock of Millinery and other goods to the Claresholm Photo gallery and will continue the sale at rock bottom prices. Give her a call and see what she will do for you in saving money.

I have secured the agency for the Spillie-Coset the most comfortable carset manufactured, the stays do not rust or break. Come and leave your order.

Notice

To all whom it may concern:

Pursuant to an order issued by the council of the town of Claresholm dated Feb. 25th, 1909, the undersigned, chairman of the Cemetery Committee, issues the following notice:

That the parties having bodies buried in the old cemetery north of the town are requested to have bodies removed to the new cemetery, otherwise the town will take steps to have bodies moved and buried in Potters Field.

These removals must positively take place before the 1st day of May as the owner of the property occupied by the old cemetery wishes to break up the ground.

1909 W. C. Miller,
Chairman Cemetery Com.

Letter From Major Schoof Claresholm Turf Association Ltd.

The Review has received a lengthy letter from Serg't Major Gustav H. Schoof from Phoenix B. C. giving his opinion of the Okanagan Valley in which he has been lecturing for three weeks. He says the climate during the latter part of March and first part of April was as near perfect as any he has seen. The valley is well equipped with schools and churches and the settler is surrounded with comforts. Of the land Mr. Schoof says three quarters of the valley is all that is claimed for it in the red estate lands and the balance has too much gumbo clay and stones. He advises prospective purchasers to either see the land or get the best possible information. Mr. Schoof says some former Claresholm people are prospering, others are not. On the whole he thinks the wheat land of the Claresholm district offers the best inducements for money making.

Young men should make their "pile" on the prairie and then live in retirement in the Okanagan according to the Major.

The Delays Make A Hit

The Deloy Comedians opened a two nights engagement in L. O. O. F. hall last night and despite the worst storm in years there was a good crowd. It was also an appreciative crowd. The company are sprightly and clever and there was lots of fun and not a suggestion of vulgarity. The most refined lady can attend the Deloy shows and enjoy the fun.

The pretty girls sang well and the Comic Skits were well presented despite an insufficiently equipped stage. All the songsters were excellent. The laughable Irish Musical comedy "Hoggin' Alley" was the bill of fare in addition to several well executed vaudeville stunts. To night the company will present "Dr. Dippies Retreat" and a full list of new vaudeville features. Those who would like good laugh to chase the "storm blues" away should go tonight.

Notice

Impounded Stock at Claresholm April 27th. Red cow tip broken off right horn, cropped ears, no visible brand.

One red and white heifer, white strip on back, left horn droops over eye, no visible brand. John Miller Poundkeeper.

Notice

To all whom it may concern:

Pursuant to an order issued by the council of the town of Claresholm dated Feb. 25th, 1909, the undersigned, chairman of the Cemetery Committee, issues the following notice, viz:

That the parties having bodies buried in the old cemetery north of the town are requested to have bodies removed to the new cemetery, otherwise the town will take steps to have bodies moved and buried in Potters Field.

These removals must positively take place before the 1st day of May as the owner of the property occupied by the old cemetery wishes to break up the ground.

4-30

W. C. Miller,

Chairman Cemetery Com.

NEW DRAY

Having started in the business for myself I respectfully solicit a share of your patronage and will do my best to give satisfaction.

market. All orders promptly delivered.

Wood for Sale

W. C. Bowen,
agent.

The barn of Mr. Edmunds west of Claresholm was destroyed by fire on Sunday. A prairie fire was the cause and a police court case has resulted.

Yorkton's population has doubled since the water system was installed a year ago. There's two people to pay taxes now for every one eighteen months ago.

Willow Creek

Received for last weeks issue

A large number of farmers spent Saturday in town. The weather being so they could not work on the land.

Mr. R. Coulter has bought a new horse from Mr. J. S. Smith.

Mr. Hartvelt has arrived from Holland and the Holland farm. He brought another family with him to help on the farm.

A new organ has been placed in the school, which is a great help to the services held there.

Mr. Stanner will hold services at Mr. Lanes house on Sunday next.

Mr. and Mr. Brown of Monarch spent a few days last week in this vicinity.

Miss Stella Noreen is again a resident of this section and welcome.

Mr. and Mrs. S. Wylis were visitors at Mr. and Mrs. S. Lees on Sunday. Mr. J. Smith and Mr. Reggie Coulter were callers at Mr. Robert Pearson's on Tuesday afternoon.

Synopsis of Coal Mining Regulation

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, Alberta, the Yukon Territory, the Northwest Territories and British Columbia, are leased for a term of twenty-one years at an annual rental of \$1 an acre, not more than 2,500 acres will be leased to one applicant.

Application for a lease must be made to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be sketched out.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

Every lessee of coal mining rights, which are not being operated, shall furnish the district Agent of Dominion Lands with a sworn statement to that effect at least once in each year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. Cory,

Deputy Minister of the Interior.
N. B.—Unauthorized publication of this advertisement will not be paid for.

Messrs Collins, Alley & Co. have obtained an option on the Muirhead Ranch, consisting of several thousand acres of choice land situated about fifteen miles west of Nanton. This land is now thrown open and will be sold on crop payments at \$10.50 an acre. The placing of this land on the market means much for the district west of Nanton. Read their advt. on first page of this issue for particulars.
